Binds any format from A6 up to SRA3  
High quality book binding  
Ergonomic design

# FASTBIND BOOXTER DUO™

## High quality bookbinding made quick and easy

The pioneering Fastbind BooXTer Duo is the ultimate book binding machine. Its powerful electronic stapling unit produces an excellent binding result, with any materials; it handles photo paper and coated stock as easily as normal copy paper.

Compact, BooXTer Duo fits in any corner of your office or workshop. Very discreet, quiet and clean, it works perfectly when you need it and gets unnoticed when you don't. You bind professional books, reports or photo albums in a few seconds. The result is always a strong, square and perfect book.

## The most flexible finishing solution

Fastbind BooXTer Duo offers the widest range of finishing solutions in the market. Hard covers, soft covers, paper covers, stripe backs, simple stapled-back binding... you quickly produce your documents in any format, up to SRA3 and you easily go from one finishing method to another, without intermediary set-ups or special adjustments.

Professional printers, publishers and copy-shops appreciate its efficiency and fast return on investment. Photographers admire the result quality. Schools use it for their yearbooks, hand-outs... and many other professionals from accountants to libraries enjoy its simplicity, affordability and ease of use.

## Ergonomic design

Thanks to its ergonomic design, you enjoy hours of continuous work without fatigue, whether you prefer sit or stand. The foot pedal operation frees your two hands for material handling. You efficiently organize your supplies and covers in the built-in shelves.

A transparent window offers an optimum view to the illuminated stapled area. The gravity-aided positioning deck and the adjustable back support ensure a perfect alignment every time; the equal stapling distance is optimized for the best results.

You bind professional books, reports or photo albums in a few seconds.

Books With Printed Hard Cover\*

Books With Printed Soft Cover

Hard Cover Books

Stripe Backs

Widest range of finishing solutions in the market.

\* Use Fastbind Casemakers for printed hard covers.

## Compatible with Fastbind Casemakers™ and Fastbind Designer software

With Fastbind Designer – Dg Foto Art software, you design hard and soft covers of your choice. You produce the printed cover, in whatever format, on Fastbind Casemakers.

Fastbind BooXTer Duo can be combined with Fastbind Casemakers for the best printed hard cover books and photo albums.

The BooXTer Duo features a special built-in casing unit to easily attach the hard cover to the pre-bound contents. You insert the cover in the groove to maintain it and just peel-off the end-sheets with your free hands.
