

ECOFARD 900 AA

SLEEVE-WRAPPER WITH AUTOMATIC FEEDING: TO PRODUCE MORE !

A sleeve-wrapper with automatic feeding to make even more multipacks of different size of various products (bottles, vases, jars, pots, cans, phials, cases etc) and/or to protect boxes integrating and/or replacing the use of carton boxes at end-of-line with great management advantages. The machine works in a very simple way: a pneumatic pusher drives the products from the loading area towards the sealing area. Then a transversal sealing-bar (that has a pneumatic movement and temperature is electronically controlled) cuts and seals the film.

SPECIFICATIONS	ECOFARD 900 AA BB
Power supply	230/380 V - 3 Ph + N
Power required	26 KW
Overall machine dimensions L x W x H	4300 x 1300 x 2000 mm
Working plate height	870 mm
Tunnel entrance dimensions	900 x 500 mm
Tunnel length	1400 mm
Machine weight	450 kg
Transverse sealing dimensions	900 mm
Sealing-bar opening	410 mm
Maximum product thickness	400 mm
Maximum roll width	880 mm
Belt conveyor speed	4 m/min
Motorized film-unwinding	Top and bottom roll
Compressed air pressure	6 bar
Output	Up to 10 pcs/min

Note: Technical data subject to variations without prior notice
Output depends on the operator and the type of article to be wrapped.
