MEC-PACK SM

THE CHEAPEST AUTOMATIC SHRINK WRAPPING SYSTEM ON THE MARKET

Ideal for those users who are still working with a manual or semiautomatic system and are considering the possibility to buy an automatic system without investing a large amount. This system consists in an automatic "L"-sealer and a shrink-tunnel designed to be fitted to the left – hand side of the machine at the outlet of the conveyor belt. A super compact and functional automatic shrink-wrapping system that offers features obtainable only on high range modules.
