Belt conveyors

Belt conveyors with booster

For gentle transport - up or down.

Inclined and horizontal conveyors are manufactured and combined according to requirements.

Belt

As standard, the booster is fitted with a smooth belt and the conveyor with a grip belt. 0.5 m long boosters wider than 400 mm are always delivered with belts with guide profile.

Contact our sales department regarding food belts and other belt types.

Bedding

As standard, 0.5 m long and 400 mm wide boosters are supplied with grooved plate bedding. Conveyors and boosters of 1 m are supplied with roller bedding.

Contact our sales department if another bedding is required.

Note!

A minimum of three supports is required for a conveyor with booster.

As standard, the motor is fitted on the left side of the booster. For mounting on the other side, please specify this upon ordering.

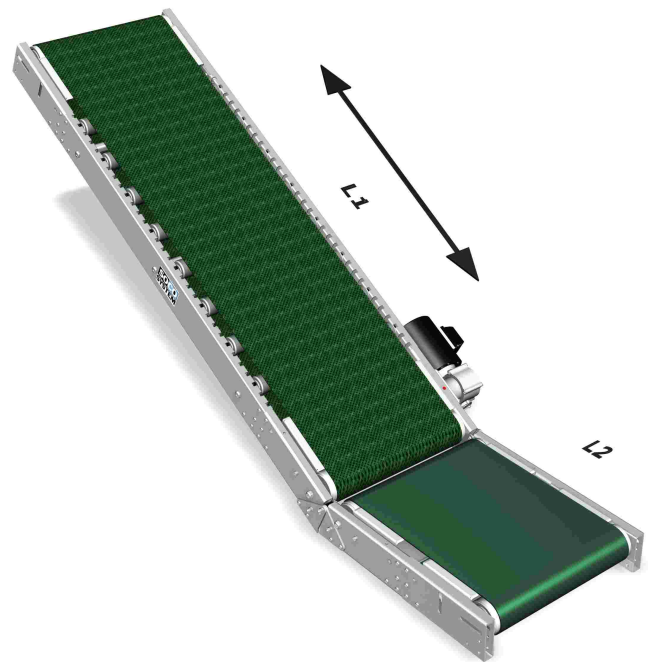

Ordering

Choose a booster of the desired width and length (the booster is the horizontal conveyor).

Then choose the length of the incline conveyor. The item number is stated under the booster.

Then choose the belt.

- Ideal for wide transfer angles.

Specifications

Gear	Standard 40:1 = 10 m/min. Other gearings available. A frequency control system can be connected direct to the 3-phase motor.
Frames	Electro-galvanised steel.
Width	200, 300, 400, 500, 600 mm.
Length	The booster is available in lengths of 0.5 m and 1.0 m. The conveyor is available in lengths up to 10 m. For lengths over 5 m, please contact our sales department.

Subject to alteration.

Accessories

- ▶ Supports for belt conveyors and driven roller conveyors
- ▶ Belt for belt conveyor with booster

The SOCO SYSTEM

From case erecting to pallet securing

The SOCO SYSTEM product range handles cases, plastic crates, trays, pallets, and many of your products.

The SOCO SYSTEM product range is designed to increase efficiency and eliminate physically strenuous work functions.

One system – one supplier
There are many advantages of full product compatibility; less paperwork and no time wasted in adapting products from different suppliers.

Meet your future requirements
Add modules and functionality, relocate modules, or whatever fits your future needs.

Call us, mail us, or visit us at www.socosystem.com
