Non-driven conveyors

Flexi conveyors with Ø 48 wheel axles

Bend easily to suit requirements.

Suitable for small and awkward items.

The length is variable from 1520 mm to 5350 mm.

The flexi conveyors are delivered with supports with castors brakeable in the direction of travel and rotation.

The flexi conveyors are available with single or double number of wheels.

A combi plate is recommended for the flexi conveyors. Functions as an end stop and as a handle when moving the conveyor.

- Suitable for loading/unloading of trucks, containers, and wagons.
- Height adjustable.
- Can be folded away for neat storage in minimal space when not in use.

Specifications

The SOCO SYSTEM

From case erecting to pallet securing

The SOCO SYSTEM product range handles cases, plastic crates, trays, pallets, and many of your products.

The SOCO SYSTEM product range is designed to increase efficiency and eliminate physically strenuous work functions.

One system – one supplier
There are many advantages of full product compatibility; less paperwork and no time wasted in adapting products from different suppliers.

Meet your future requirements
Add modules and functionality, relocate modules, or whatever fits your future needs.
