Belt conveyors

Grip belts for belt conveyors

Grip belts are recommended for inclines ranging from 10° to 28°.

Belts with guide profiles are used for conveyors where width and length are identical or where the conveyor is loaded from the side.

Belt with guide profile.

The SOCO SYSTEM

From case erecting to pallet securing

The SOCO SYSTEM product range handles cases, plastic crates, trays, pallets, and many of your products.

The SOCO SYSTEM product range is designed to increase efficiency and eliminate physically strenuous work functions.

One system – one supplier

There are many advantages of full product compatibility; less paperwork and no time wasted in adapting products from different suppliers.

Meet your future requirements

Add modules and functionality, relocate modules, or whatever fits your future needs.

Call us, mail us, or visit us at www.socosystem.com
