Case sealers for uniform case sizes

ST-10 For side taping- Top- or bottom closure

Side sealer specially designed for packing stations where the cases are filled from the end and sealed lying down. The ST-10 is also suitable for operation in automatic packing lines with case packers.

Basic models

ST-10 and ST-10 Maxi (see table).

Special purpose machine

The ST-10 is designed for a multitude of special applications. The standard machine can be easily modified to seal cases which differ in size from the standard.

- Easy to adjust for different case sizes.
- Easy tape and dispenser replacement.
- Fitted with top and bottom drive belts.
- Electro-galvanised finish.

Case sealers for uniform case sizes

High quality tape dispensers

The tape dispenser for the ST-10 are standard SOCO SYSTEM dispensers modified by means of an adapter system. The quick-lock system makes it easy to replace the dispensers.

Efficient drive belts

The ST-10 is fitted with drive belts at top and bottom.

Tilted legs for an efficient solution.

The SOCO SYSTEM

From case erecting to pallet securing

The SOCO SYSTEM product range handles cases, plastic crates, trays, pallets, and many of your products.

The SOCO SYSTEM product range is designed to increase efficiency and eliminate physically strenuous work functions.

One system – one supplier

There are many advantages of full product compatibility; less paperwork and no time wasted in adapting products from different suppliers.

Meet your future requirements

Add modules and functionality, relocate modules, or whatever fits your future needs.
