Belt conveyors

Smooth belts for belt conveyors

For horizontal transportation or inclines of up to 10°.

Belts with guide profiles are always used for conveyors where width and length are identical and where the belt conveyor is loaded from the side.

All measurements are in mm. Subject to alteration.

Belt with guide profile.

The SOCO SYSTEM

From case erecting to pallet securing

The SOCO SYSTEM product range handles cases, plastic crates, trays, pallets, and many of your products.

The SOCO SYSTEM product range is designed to increase efficiency and eliminate physically strenuous work functions.

One system – one supplier

There are many advantages of full product compatibility; less paperwork and no time wasted in adapting products from different suppliers.

Meet your future requirements

Add modules and functionality, relocate modules, or whatever fits your future needs.

Call us, mail us, or visit us at www.socosystem.com
