

Pulp and Paper

Labelling large paper rolls with the T90 Printer

As market leader MECTEC offers printers and complete solutions for A3 sized labels. Like all solutions within the MECTEC range they are reliable, robust and designed for industrial use, which gives you troublefree labelling 24/7 for many years to come, even in the most harsh industrial environments.

- Handles both self adhesive labels and dry glued labels
- Unique stand with dirt cover, for quick and easy integration to your robotic system
- Available in both right and left mounted versions for better operator comfort
- Easy and intuitive interface for communication with other systems
- Quick connections for fast and easy service and maintenance
- Can be combined with a wide range of applicators for automatic Print & Apply
